

We are so excited & looking forward to U-Pick this season. Our strawberries are looking good & we can't wait for you to enjoy them. We also want you to know that we are following safety guidelines provided to us. Here are some things to know when coming to TOM's for U-Pick:

- If you have a cough, fever or are feeling ill, Do Not enter the Farm
- Bring sunscreen & water. It can get hot out there & we will not be providing water stations.
- Park in Parking Lot & head to the Windmill Greeting Station.
- New containers will be provided for our customers (you **may not** bring containers from home for picking)
- A safe 6 ft social distance must be maintained. We will be spacing out picking rows to assist in keeping distance.
- All customers 3 & up MUST wear masks when in the market & while on the wagons.
- Handwashing stations and portable restrooms will be provided throughout the farm.  
**Please wash/sanitize hands before entering the fields.**
- All items picked must be taken by the customer and purchased
- Strawberries must not be touched or picked unless purchasing
- We may have to limit the number of people out for U-Pick or you may have to wait to go to the fields in order for us to maintain social distance.
- Wagon rides to the field will be available, but you must wear a mask & social distance. Limited amount of people per ride.
- You will also be able to walk to the picking field if you are more comfortable doing so. (Please remember to wear good shoes/boots. Flip flops are not recommended. It is a farm. Strollers can also be difficult to push to the field.
- You MUST only pick on the rows assigned to you when you get to the field.
- Children are welcome - This is fun for the whole family! However, please be courteous to our other guests and keep your kids close to you & make sure to help them in following the guidelines.
- Our strawberries are a perishable crop and need to be picked, so come out, pick and enjoy!
- Check out inside our Market (\$2.69/lb)
